

CENTRAL CHRISTIAN TEACHER WISH LIST

As Central PTO, we exist to support our teachers in any way we can. We have asked the teachers to create a wish list of big and small items they would like for their classrooms. Putting this on the website will allow us to expand our voice to the school community and alumni in hopes that they themselves may help or know of someone that would be able to assist with some of these requests.

Below is the wish list if you care to review and check back periodically as we will update those items that have been donated or new wishes from our teachers. As you can see these requests are large to small in dollar amount as well as physical labor or time. If you have any questions, please contact Lisa Swift (330) 262-0525 or weareswift@sssnet.com
